

JULIA HATAMYAR

julia.hatamyar@york.ac.uk

+44-07762-718379

Office Contact Information

University of York
Centre for Health Economics
Heslington, York, YO10 5DD, UK

Personal Information:

Citizenship: American
Languages: English, German (B1.3)

Education

Ph.D., Economics
The University of Miami, 2020

M.A., Economics
The University of Miami, 2019

B.A., Classical Piano Performance 2007
Secondary Concentration: Mathematics
University of Rochester / Eastman School of Music

Research Fields

Applied Econometrics, Causal Machine Learning, Health Economics, Labour Economics

Research Experience and Other Employment

2021 - present, University of York Centre for Health Economics, Research Fellow
2015 - 2021, University of Miami, Research Assistant
Spring 2015, Wasatch Advisors, Investment Analyst Intern
2013-2014, New York University, Piano Instructor
2008-2013, Princeton University, Collaborative pianist

Research Papers (* Indicates First Author)

Publications

“Exploring the Heterogeneous Impacts of Indonesia’s Conditional Cash Transfer Scheme on Maternal Healthcare Utilization using Instrumental Causal Forests” *Empirical Economics* 2026, with Vishalie Shah, Taufik Hidayat, and Noemi Kreif: arXiv preprint arXiv:2501.12803

“* Multidimensional Vulnerability and Financial Risk Protection in Health in Protracted Conflict Contexts: Evidence from the Occupied Palestinian Territories” *PLOS One* 2025, with Sally Shayeb, Akseer Hussain, Weeam Hammoudeh, Rodrigo Moreno Serra, and Sumit Mazumdar.

“Integrating Decision Modelling and Machine Learning to Inform Treatment Stratification” *Health Economics* 2024, with David Glynn, Ankur Padya, John Giardina, Marta Soares, and Noemi Kreif

“* The Impact of Workplace Breastfeeding Legislation on Labor Market Outcomes” (Forthcoming, *American Law and Economics Review*): arXiv preprint arXiv:2209.05916

“* Local Eviction Moratoria and the spread of Covid-19” (Forthcoming, *Southern Economics Journal*), with Christopher Parmeter: arXiv preprint arXiv:2307.00251

“* Machine Learning for Causal Inference: New Opportunities and Pitfalls” (Forthcoming, *Oxford Research Encyclopedia of Economics and Finance* with Noemi Kreif

“Learning Control Variables and Instruments for Causal Analysis from Observational Data” (Forthcoming, *PMLR*), with Nikolas Apfel, Martin Huber, and Jannis Kueck. ArXiv preprint arXiv:2407.04448

Papers with Revise and Resubmit Status

“* Policy Learning with Rare Outcomes” (First round revision, *Statistics in Medicine*), with Noemi Kreif: arXiv preprint arXiv:2302.05260

Working Papers

“Fast Learning of Optimal Policy Trees” (submitted), with James Cussens, Vishalie Shah, and Noemi Kreif

“* Combining Satellite Data and Causal Machine Learning to Evaluate Brazil’s Family Health Programme in Slums” (working paper/invited submission, *Social Science in Medicine*), with Ivan Ochoa Morena, Akseer Hussain, Rodrigo Moreno Serra and Marc Suhrcke

“* Machine Learning for Staggered Difference-in-Differences with Dynamic Treatment Effect Heterogeneity” (working paper), with Martin Huber, Rudi Rocha, and Noemi Kreif. ArXiv preprint arXiv:2310.11962

“* What Are the Determinants of Primary Healthcare Performance? Evidence from Brazil” (working paper), with Helena Arruda, Thomas Hone, Noemi Kreif, and Rudi Rocha

“The interplay of Development Assistance for Health and Public Financial Management: Implications for service delivery and health outcomes” (working paper), with Newton Chagoma, Sumit Mazumdar and Marc Suhrcke

“The Impact of Health Insurance on Labour Supply: A Difference-in-Differences Analysis of Indonesia’s Askeskin Program” (working paper), with Alexandra Quiñones Nunura

“* Outside Options, Job Mobility, and Gender: Evidence from Divorce Laws” SSRN 2021

Research Software

“fastpolicytree: Constructs Policy Trees from Covariate and Reward Data” v1.0.0 for R, 2025: DOI: 10.32614/CRAN.package.fastpolicytree, with James Cussens and Vishal Shah

“MLDID: Machine Learning for Difference-in-Differences” v1.0.0 for R, 2024: <https://github.com/jhatamyar/MLDID>

“CFCF: Cross-Fitted Causal Forests” v1.0.0 for R, 2023: <https://github.com/jhatamyar/CFCF>

Presentations

Invited Seminars

November 2025, Department of Economics, University of York and the University of Gadjah Mada Seminar Series, York, UK

April 2025, Department of Economics Seminar, University of Southern Denmark, Denmark

January 2025, Statistical Science Seminar, University College London, UK

December 2023, Symposium on Causal Machine Learning in the Medical and Social Sciences, London, UK

May 2022, Centre for Health Economics Seminar Series, University of York, UK

October 2020, University of Sao Paulo, online

Conference Presentations

November 2025, Causal Data Science Meeting, online

November 2024, Causal Data Science Meeting, online
June 2024, Counterfactual Methods for Policy Impact Evaluation, Amsterdam, The Netherlands
December 2023, Econometrics Society Winter Meeting, Manchester, UK
April 2023, European Causal Inference Conference, Oslo, Norway
July 2022, Counterfactual Methods for Policy Impact Evaluation, Mannheim, Germany
May 2022, American Causal Inference Conference (poster session), Berkeley, USA
September 2021, Indonesia Health Economics Association, online
August 2020, Econometrics Society World Congress, online
October 2016, Financial Management Association (discussant), Las Vegas, USA
February 2015, University of Notre Dame Business Analytics Club, South Bend, USA

Grants and Fellowships

2024 - Methods Lead (1 of 4 leads), NIHR project *Health Financing for Challenging Times*
2019 Deloitte Institute for Research and Practice in Analytics, Research Grant
2015 - 2020: University of Miami PhD Fellowship
2014 - 2015: Forte Foundation Fellowship

Researcher Training and Capacity Building

Autumn 2024 and 2025, Co-instructor: Statistical Methods in Economic Evaluation Short Course, Centre for Health Economics, UK
Summer 2024, Instructor: Machine Learning for Causal Inference Workshop, Portuguese Health Economics Association
Summer 2024, Co-instructor: Machine Learning for Causal Inference Workshop, ISPOR
Spring 2024 and 2025, Co-instructor: Advanced Methods of Economic Evaluation for Health Technology Assessment Short Course, Centre for Health Economics, UK
Winter 2024, Instructor: Machine Learning for Causal Inference Workshop, Centre for Health Economics, UK
Winter 2024, Instructor: Satellite Data Workshop, Centre for Health Economics, UK
Fall 2022, Co-instructor: Machine Learning for Causal Inference Workshop, NORCE, Norway
Fall 2022, Co-instructor: Machine Learning for Causal Inference Workshop, Centre for Health Economics, UK
Summer 2022, Co-instructor: Machine Learning for Causal Inference Pre-Conference Course, HESG, UK

Teaching

Summer 2020, Instructor: ECO 211 Principles of Microeconomics, University of Miami

Fall 2020, Teaching Assistant: ECO 685 Managerial Decisions in a Global Economy, University of Miami

Fall 2020, Teaching Assistant: ECO 615 Managing Regulation Compliance, University of Miami

Spring 2016, Teaching Assistant: MBA Finance I, University of Miami

Fall 2013 - Spring 2014, Instructor (multiple courses): Piano, Keyboard Skills IV and Honors Keyboard Skills IV, New York University

2002-2016 Private Piano Instruction (self-employed), New Jersey

Citizenship

Associate Editor: *Empirical Economics* (2025-present)

Scientific Committee, Health Economics Study Group Conference 2026

Organising Committee, N8 Computationally Intensive Research Group (CIR): Synthetic Data Workshop (fall 2023)

Steering Committee, CHE Coding Group, University of York (2022-present)

Member, Research Computing Working Group, University of York (2022-present)

Co-chair, Early Career Researcher Forum, University of York CHE (2022-2024)

Scientific Committee, Gender and Family Economics Association Online Conference (2021)

Member, Gender and Family Economics Association, University of Sao Paulo (2020-present)

Invited Peer Reviewer: *Journal of the Royal Statistical Society: Series A*, *Health Economics*, *Value in Health*, *Journal of Causal Inference*, *Empirical Economics*, *BMJ Global Health*, *Review of Social Economy*, *Journal of Population Ageing*, *Economic Modelling*

PhD Mentorship and Supervision: Aisha Moolla, University of Sheffield (PhD Supervision Committee). Alexandra Quiñones Nunura and Newton Chagoma, University of York (co-author and informal supervision). Taufik Hidayat, University of Exeter (co-author and informal supervision).

Certifications and Other Training

2020 German Language B1.3: Goethe-Institut München

2019 Machine Learning Engineer, Udacity Nanodegree Certificate

2017 Querying with Transact-SQL, Microsoft via EdX
